COVID-19 UPDATES

Even with COVID-19 restrictions, Keene is still staying connected! There are many resources that Keene offers, many of which you don't even have to leave your own home for. Many restaurants are offering takeout and delivery. Small businesses have also adapted to the ever-changing environment by creating curbside pick-up and online ordering options.

This is an uncertain time for everyone and it is important for everyone to follow the guidelines put in place to protect our community. There are many resources that can help people in our community. Together we can adapt and overcome this turbulent and challenging time!

For information or updates on COVID-19 in Keene, please visit the city's [COVID info page](#).

Find a Hike

Keene and surrounding areas offer many hiking trails. While many people are stuck at home, it doesn't mean that they have to stay there. Keene offers many safe hiking trails throughout the city where you can keep the suggested social distance of six feet. The Cheshire Rail Trail is one of the most popular walking areas, with many miles of easy-walking trails. Goose Pond also offers a little bit more of a challenging walk, while still being friendly for all members of the family.

IMPORTANT UPDATE

Due to the COVID-19 outbreak, all restaurants and dining establishments must serve customers only by takeout, delivery or drive-through, under order from Governor Chris Sununu. This order was taken into effect on March 16, 2020.
